ADMINISTRATION

The 1970's were years of change; change in the world at large and at Central Catholic. The administration has met the challenge posed by this change, keeping pace with the needs of the school. Consequently, Central Catholic has attained a level of scholastic quality unprecedented in more than fifty years of service. But the administration has done more than maintain the high standards of the academic and athletic facilities of the school. It has fostered the less tangible but equally important traditions of school spirit and leadership that have characterized Central students in the past, and will continue to distinguish them in the years to come.

IN MEMORIAM

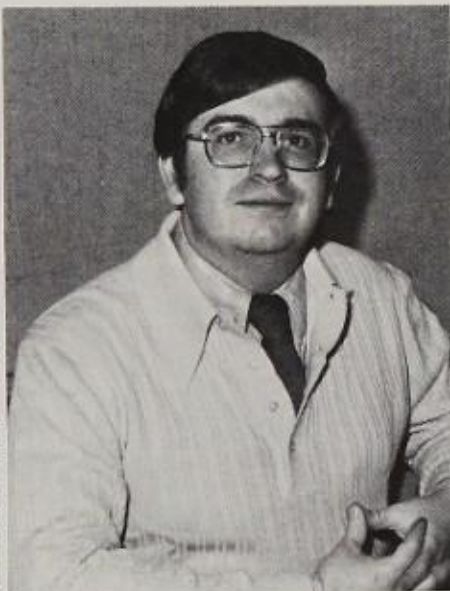

On August 19, 1978, Mrs. Mary Wymard died in a car accident. She had taught Spanish at Central for ten years. She brought enthusiasm to our classes, and Spanish was more of an experience, not just another class. Our class activities varied from trying foreign foods to writing and producing an entire play in Spanish. That is what Mrs. Wymard was always working for, getting people to try new things in the hope that they would get something out of it.

Although Mrs. Wymard is gone, she left an important legacy to all of us. In everyone who knew her she instilled a desire to experience and learn from new and different things. And that is something that will never die.

GRADUATION

Graduation is not only a memorable event for the graduating seniors, but also for the faculty. There is a certain amount of satisfaction in seeing what were once immature freshmen receive a diploma and begin to be on their own to face the future, and know that you have had a small part in bringing about that transformation. It is on graduation day when all the frustrations encountered, detentions given, and hours of preparation put in seem worth it, and make teaching more than just an ordinary job.

DECEMBER 22, 1978

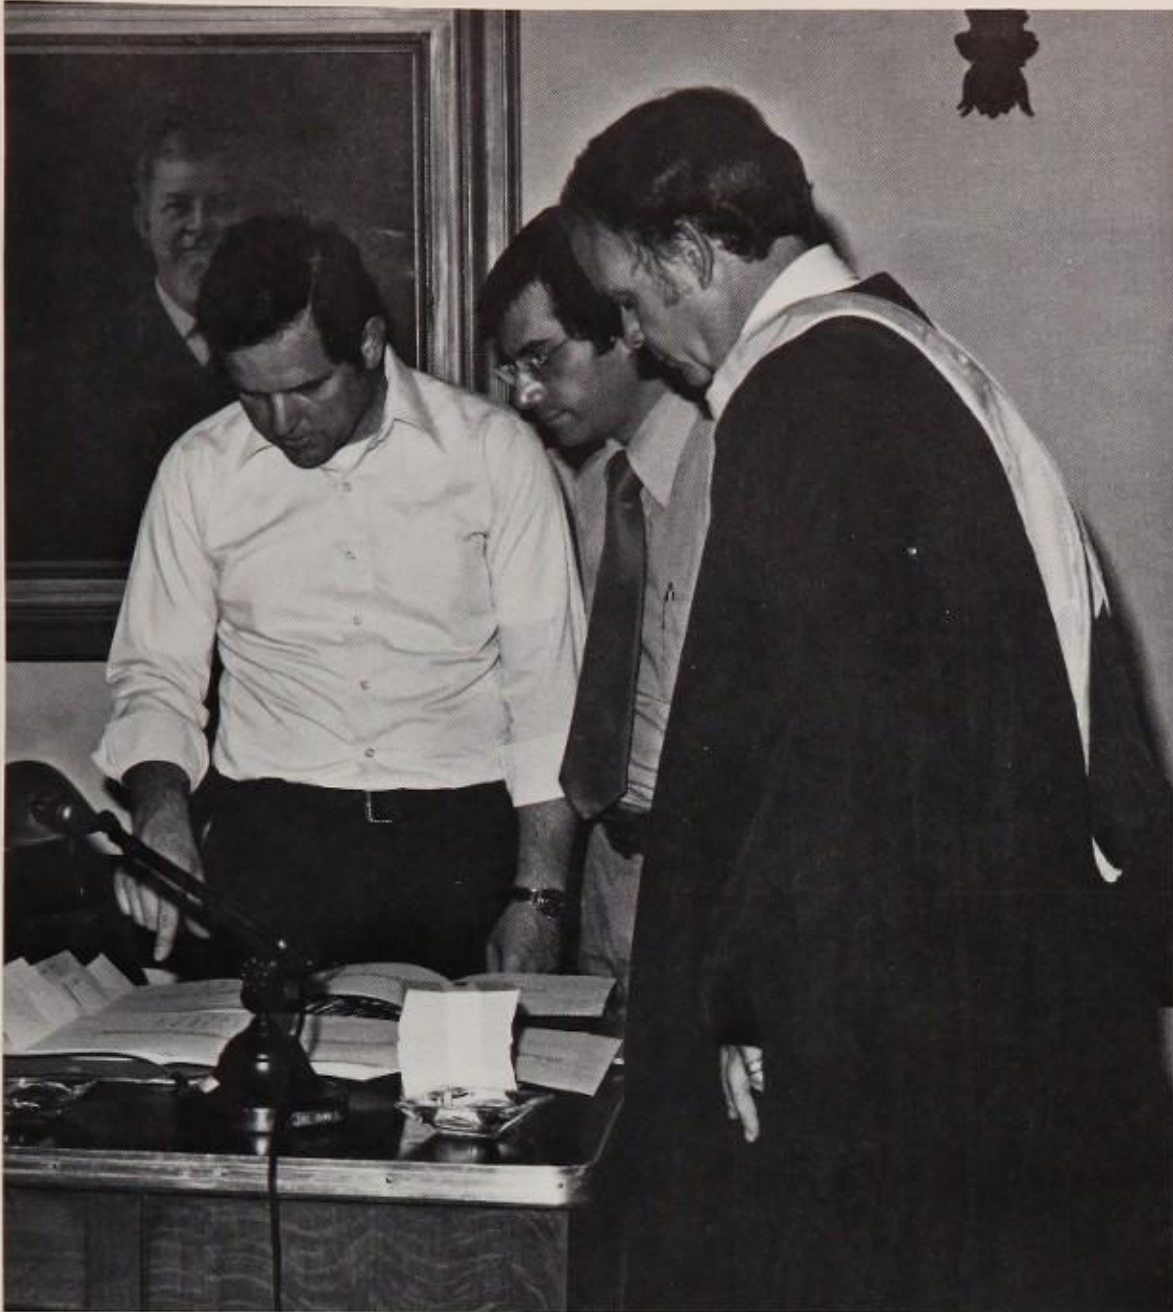

Mr. Maurer left Central Catholic this year after sixteen years of dedicated service. This dedication is exemplified by the manner in which he executed his duties as Vice-Principal and as a teacher. In his capacity as Vice-Principal for Student Affairs, Mr. Maurer oversaw and coordinated the hectic extracurricular and athletic activities of the school, in addition to his responsibilities regarding student attendance and the administration of the summer school. Mr. Maurer also found time to teach courses in Advanced Placement English and the History of Pittsburgh and Western Pennsylvania.

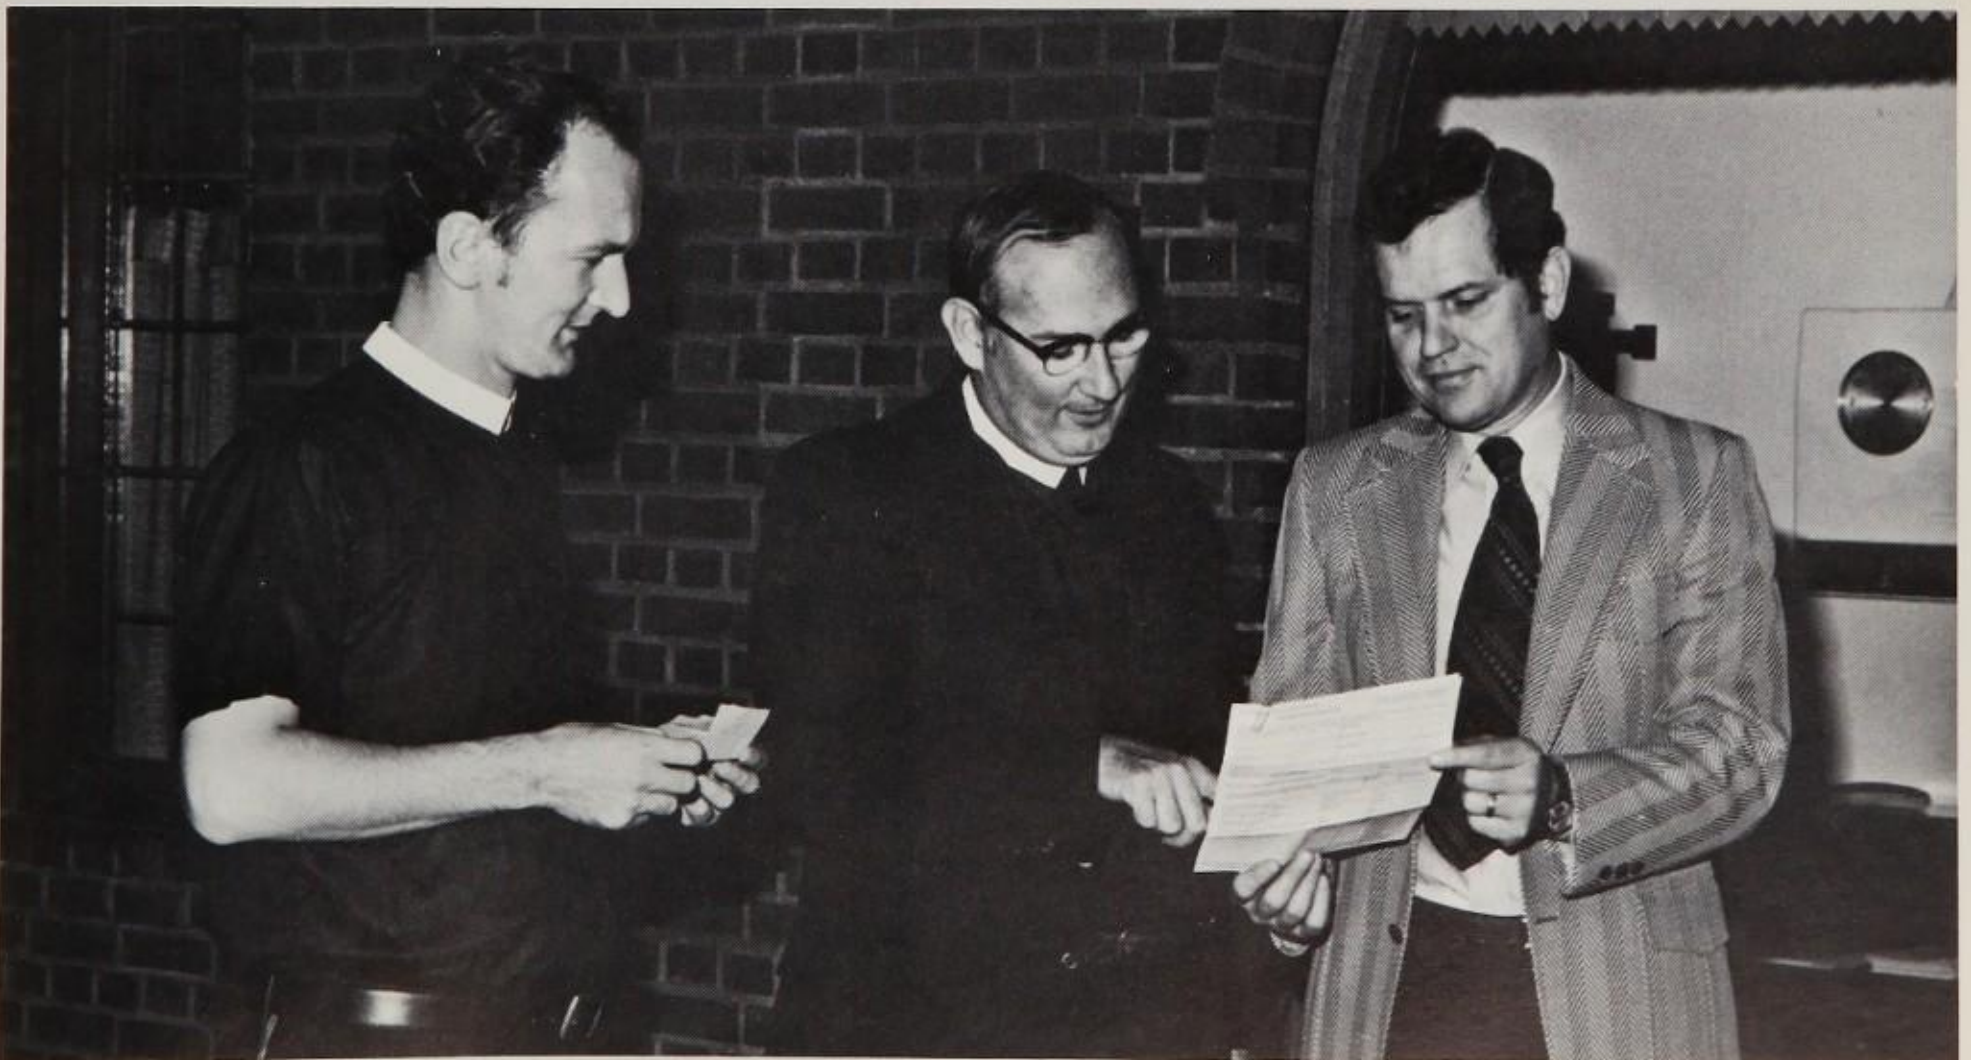

But Mr. Maurer was more than just a capable administrator and teacher. Brother Richard Grzeskiewicz, who worked closely with Mr. Maurer as Vice-Principal for Academic Affairs, says "I've always been impressed with him as a very dedicated

person." This dedication was allied with a respect for the students of Central Catholic; "He treated the students as people; with a sense of fairness, and a sense of real concern." Mr. Maurer's feelings toward the school were perhaps best summarized in his farewell address to the student body; "I hope you are as proud to be graduates of Central Catholic as I was to be its Vice-Principal."

We will all miss Mr. Maurer, but our sense of loss must be tempered with pride; Mr. Maurer is the first layman to be offered a position as principal of a Diocesan high school. Central Catholic wishes Mr. Maurer the best of luck in the years to come, and we hope Canevin High will benefit from the unique combination of dedication, talent, and concern that characterized his years at Central.

A deck of cards, the weeks of a year, the age of Central Catholic: all of these have a common factor—the number 52. Yet, only one is a builder of self-confidence, of leaders among men, and of a standard of excellence . . . Central Catholic. An education at Central has proven to be one of the most vital stepping stones of an individual's life. Activities help every Central student to surpass the stringent standard imposed on him every day by giving that little extra time, effort and energy which it takes to obtain the personal satisfaction of accomplishment.

Brother Colman Coogan F.S.C., Provincial of the Brothers of the Christian Schools, Baltimore Province, was inducted into Central Catholic's Hall of Fame at the Honors Convocation in June of 1978. Brother Colman, a native of Pittsburgh and a member of the class of '48 from Holy Rosary parish, was honored for his contributions to Catholic education both on a local and a national level. He received bachelor and master's degrees from LaSalle College, Philadelphia, as well as making graduate studies at St. Louis University, Villanova University, and Cuernavaca, Mexico. In 1962, he was named principal of the Denis J. O'Connell High School in Arlington, Virginia, which position he held until 1967 when he was appointed principal of St. John's College High School, Washington, D.C. In 1969, he was selected as Auxiliary Provincial of the Christian Brothers and Director of Education, coordinating the four hundred brothers teaching in fifteen educational institutions on the secondary and college levels. It was while he was in this position that his influence spread to a national level, through his involvement in National Educational Organizations. Brother Colman became provincial for the Christian Brothers in the Baltimore Province in 1972, and has held that position since that time.

FEBRUARY 1, 1979

A black and white photograph of a smiling man with glasses and a white sweater, sitting at a desk. The image is overlaid with a large, stylized, outlined text 'TOWERS' repeated multiple times in a grid pattern. To the right of the man, there is a vertical list of years: 1974, 1975, 1976, 1977, 1978, and 1070 (likely a typo for 1979). The overall design is a collage or graphic element, possibly for a yearbook or a commemorative page.

A graphic design featuring the word "TOWERS" repeated eight times in a vertical column. The letters are stylized with varying degrees of outline thickness and fill, creating a sense of depth and movement. The top letters are thin and white, while the bottom letters are thick and black. The background is a light gray with a subtle grid pattern.

Smoking Area Should Stay

Some people feel the administration should close the smoking area. Although I am a non-smoker and detest cigarette smoke, I see no reason for this move.

named Frodo, who has received a very powerful ring from his uncle Bilbo. (Unfortunately, the ring's power can be used only for evil.) Under the guidance of Gandalf the Grey (a wizard), Frodo and his faithful companion Sam leave their home in the Shire, and set out for the town of Rivendell. There it will be decided what exactly should be done with the ring. At Rivendell a council comes to the conclusion that the ring must be destroyed. The only way to get rid of the ring is to return it to the fire from which it was forged. This fire is found on the Mountain of Fire in the land of Mordor. Taking everything into consideration, "The Lord of the Rings" is an enjoyable and very absorbing movie. If you follow the plot carefully, you are in for a great two hours of fun and fantasy. Take a trip to Middle Earth, you may like it so much, you'll hate to come back.

MARCH 10, 1978

Superdance was an 8 hour dance marathon to raise research dollars for Cystic Fibrosis, the most serious children's lung disease. Each dancer had sponsors who pledged money for each hour danced. Sounds easy? The rules stated that: 75% of the dancer's body must remain in motion, dancers could not leave the dance or use "No-Doz" drugs. The net result was a \$6,400.00 pledge to Cystic Fibrosis.

ATHLETICS 1975 ATHLETICS 1976 ATHLETICS 1977 ATHLETICS 1978 ATHLETICS 1979

In the time it takes to tie a shoestring, a team could win or lose. Even though the outcome is unknown, each individual goes out onto the field of battle to "lock horns" with his opponent. Should he return victorious, he is a hero. Should he return defeated, he does not return alone—the school spirit returns with him. At Central, winners are made; in each individual sport, superstars emerge to carry on a Central tradition: the desire to succeed; the will to win.

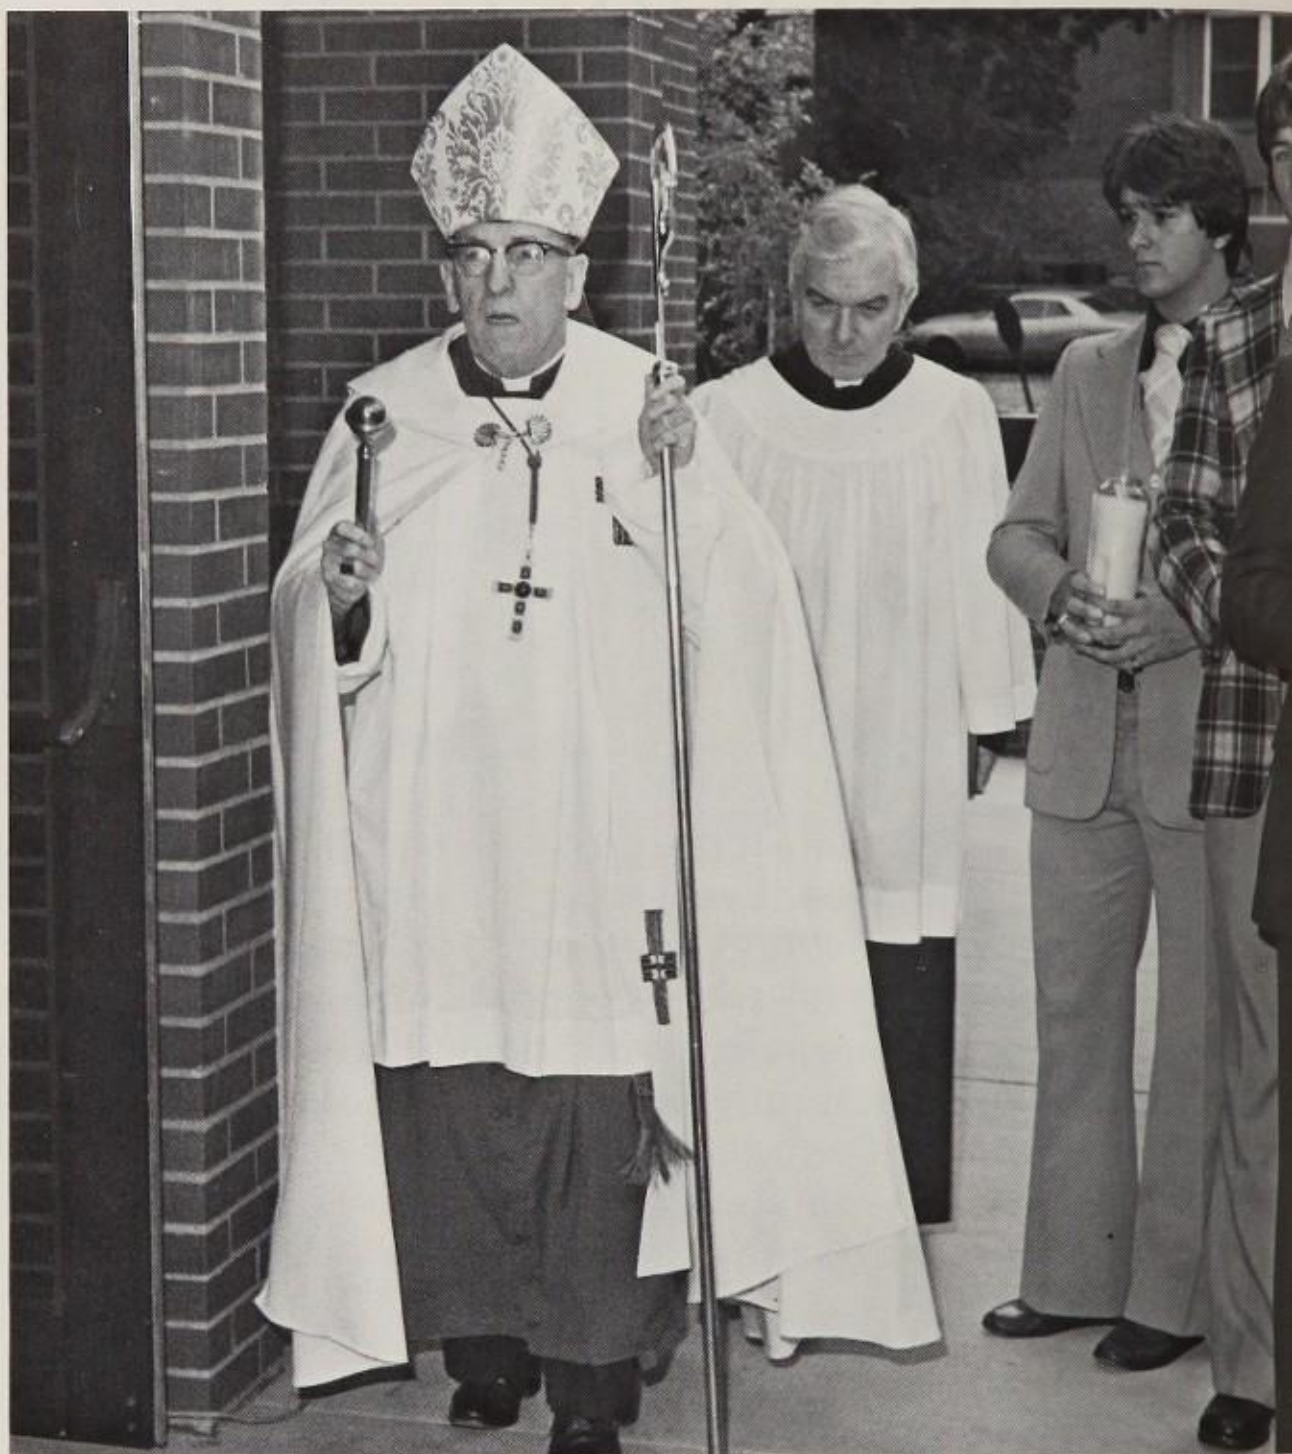

OCTOBER 8, 1978

Dedication ceremonies were held on Sunday, October 8th, for the new physical education building. Bishop Vincent Leonard presided over the ceremonies. Other dignitaries present were: Father Hugh Lang, the superintendent of Catholic schools, Brother Benedict Oliver, former principal, and Councilman Richard Givens.

The new building will be called Alumni Hall, in recognition of the significant contributions made by the alumni towards the gym's construction.

The gridders ended their regular season play with a record of nine wins and one loss. This fine record earned them a chance to play in their first W.P.I.A.L. playoff since the team's entrance into the W.P.I.A.L. in 1975.

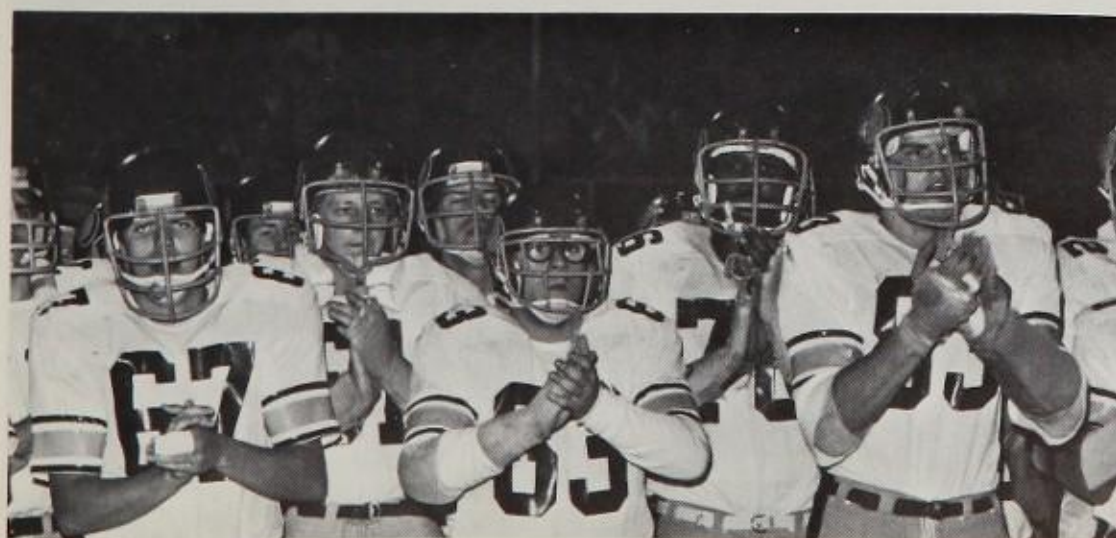

After the North game, Central headed for the W.P.I.A.L. playoffs. In the first round, Central was picked to play last year's co-champion, Penn Hills. During the first half both teams battled to a

scoreless tie, with Central's mighty defense rising to stop consistent Penn Hills' scoring threats.

The second half of the game saw Penn Hills finally able to score against a weary Viking defense. Central's offense was still effectively controlled and could not score. The final score of the game was 14-0 in favor of Penn Hills.

SENIORS 1975 SENIORS 1976 SENIORS 1977 SENIORS 1978 **SENIORS 1979**

Our lives unfold so quickly, that at certain points, we pause and reflect. Senior year is a time when we all instinctively reflect on what our lives have been like at Central. We know we are leaving behind us one of the most influential periods of our lives, and we look ahead into the unknown future.

ENDINGS

Rather the stars if you wish it so;
Gather the songs and keep them;
Gather the faces . . .
Gather them for keeping years and years,
And then . . .
Loosen your hands, let go, and say good-by.
Let the stars and songs go.
Let the faces and years go.
Loosen your hands and say good-by.

Carl Sandburg

BEGINNINGS . . .

We can never be born enough.
We are human beings; for whom
birth is a supremely welcome mystery
which happens only and
whenever we are faithful to
ourselves.

NO GREAT THING IS CREATED SUDDENLY. The Staff of the 1979 TOWERS would like to thank all who have helped to make our job easier, especially: Mr. Jim Evans of Hills Studio for his time, talent, and patience; Bro. William Johnson; the Student Council; and student photographers, Glen Amore and Rene Guyett.
